

# RULE OF LAW AND MUTUAL TRUST

## in European and Global Governance

The IEE-ULB coordinates since September 2018 a Jean Monnet Module dealing with the rule of law and mutual trust in global and European governance. The salience of these topics has considerably increased within the EU but also in other regions/regional organizations. The aim of this module is to create a platform of academic and expert discussion that will shed light on current debates about the rule of law in general and the independence of the judiciary in EU member states and beyond. This module is coordinated by Prof. Ramona Coman with the collaboration of prof. Anne Weyembergh.
